

Tobacco Exports and Imports between Canada and Mexico

2006 & 2007

Note: On average, 0.92g of Canadian grown tobacco was used to manufacture each cigarette in Mexico which was sent back to Canada to be sold in 2006 and 2007.

Mexican imports accounted for:

- 17% of Canadian cigarette and fine-cut equivalent consumption in 2006
- 34% of Canadian cigarette and fine-cut equivalent consumption in 2007
